Garden Checklist

By California Association of Nurserymen

1. Keep after lawns. Compacted ones will benefit from spiking or coring and brushing in of manure or soil conditioner. Well groomed ones can take another feeding if it's been a month.
2. Lift and divide spring bulbs when top growth dies back. If you tire of waiting, you can probably get by with lifting them anyway and letting them ripen off in a cool corner of the garden.
3. Feed Chrysanthemums with liquid fish. Early summer mums should not be fertilized after the buds show color, however.
4. All annuals and many shrubs (roses especially) can be kept blooming longer if you pick off fading blossoms. Pinch off faded fuchsia blooms before they form seed pods.
5. Shop nurseries for plants in bloom to fill any bare spots. You'll find Fuchsias, Roses, Begonias and Chrysanthemums much in evidence.

WHAT'S DOING
R. S. Pyle, your Telephone Manager in Torrance

Accidents can happen—and sometimes it's the telephone that bites the dust. Well, telephones are built to take it. But I wonder if you've thought about this fact: when something does go wrong with your phone — because of accidents or normal wear and tear — your telephone man will be out to fix it, free of charge. It's a lifetime guarantee, too, in effect as long as you have a phone. And, when you come right down to it, it makes your telephone pretty unusual. Can you think of anything else that doesn't cost you a single cent for repairs?

SUMMER SIESTA

This is the time of year when many a family backs the car out of the garage and heads for the mountains or ocean for a couple of weeks or so.

Leaving the toil and stress of the 50-week world behind for a while—which seems forever when you're leaving and no time at all when you get back—you light out blissfully for the open road.

Although our service goes on 24 hours per day, 52 weeks per year, we at Pacific Telephone take our vacations regularly, and, just like you, here are some of the things we might forget without a reminder.

- 1) Get that old car—or new one for that matter—checked before you wheel out onto the highway.
- 2) Drive carefully—even if it means you'll have to come back to the old grind again.
- 3) Telephone ahead to confirm reservations.

Also, if you don't mind our saying so, it's nice for the hard working folks back at home to hear from you once in a while —via telephone, naturally.
Bon voyage.
